

AirFleet Capital Celebrates 20 Years of Service to General Aviation Financing Company Facilitates Over 5,000 Dreams to Aircraft Owners

November 19, 2014 – Phoenix, Arizona. AirFleet Capital celebrated their 20th Anniversary on the first day of November, 2014. Earlier this year, AirFleet Capital marked the closing of their 5,000th loan, which illustrates the group's passion for and dedicated service to helping General Aviation aircraft owners realize their personal, entrepreneurial and professional dreams of flight.

The team at AirFleet Capital boasts a long-tenure with the Company. Most members of the AirFleet Capital team are either pilots or have completed the FAA ground school, and all members of the team are immersed 100% of the time in the GA marketplace. The Company operates from three offices with footprints in the eastern and western time zones, allowing the teams to be responsive and attentive to borrowers and lenders seamlessly across the United States. Skilled in providing tailored service to businesses and individuals purchasing and operating aircraft of all types and sizes, the AirFleet Capital team is focused on "doing the right things for the customers and business partners, at all times", which explains the Company's success built on a foundation of long-term relationships and extraordinary customer service.

Leading the AirFleet Capital team is founder and CEO, Steve Smestad. Mr. Smestad's long-experience doing business across the highest-end business jet market and as an aircraft owner himself, inspired him to build a company that would focus first on the customer's needs and providing a market-defining service experience, steeped in integrity. "We've built a team at AirFleet Capital that is responsible for building life-long relationships with our customers across all GA markets. The team is, in a word, unparalleled. They are dedicated, passionate and honorable – I'm so very proud to call my fellow teammates, along with our customers and business partners, family." said Mr. Smestad. "Aircraft owners trust us to help make their dreams and business goals reality, and every member of our team takes that responsibility personally. Ultimately, it is the team's devotion and excellence that has enabled AirFleet Capital's success. Together, we are deeply grateful to our customers and business partners for the confidence they place in us and we are looking forward to being a part of their future dreams and success. "

AirFleet Capital is well known and regarded across all segments of the aviation community. With over 5,000 loans closed, AirFleet Capital has become one of America's largest arrangers of loan financing for aircraft owners and operators.

About AirFleet Capital

Established in 1994, AirFleet Capital is one of America's largest arrangers of loan financing for owner-pilots. Originated loans represent a wide variety of aircraft models across the General Aviation fleet – from large-business jets to cabin class twin-engine and single-engine turboprops to piston-powered-singles and rare warbirds. AirFleet Capital's team located in Chandler, Arizona, Winchester, Virginia and Atlanta, Georgia focuses on quality of service and a dedication to always doing things "the right way".
